Dear Customer,

We are excited to announce that our warehouse located in Los Angeles, CA has been moved to a new location in Fresno, CA. The new location will continue to serve you with fast, efficient, and high-quality GE Industrial Motors. Your loyalty and support have been instrumental in our growth and expansion into our new and larger facility.

We are committed to maintaining your partnership with superior service, top quality products, reliability, and efficiency. We are growing and investing in ways to better serve you, so that we may continue to be your "supplier of choice."

We are open and ready for your next order! Please continue to contact your existing GEIM Inside Sales Representative for order support.

**Please update your records with our new contact information:**
